

Langkawi Island Hopping Tour

Langkawi Island Tours

Highlights: Big Lion Island, Soaring Eagles & Wet Rice Island

The Langkawi Island Hopping Tour takes you on a journey to explore Langkawi's most illustrious islets. First you'll be taken to visit verdant '**Pulau Singa Besar**' – Big Lion Island; the boat stops just shy of the shores and you'll get the chance to watch the king of the skies – eagles – as they soar overhead. Observe as they dive to catch their prey, chicken bits that the boat driver has thrown into the water, with deadly precision – it's a great photo and video opportunity.

Next head on over to **Pulau Dayang Bunting** – the silhouette of the pregnant maiden from a distance is truly awe-inspiring; meanwhile the Lake of the Pregnant Maiden – overflowing with supposed 'magical' waters is another breath-taking sight. Relax on the adjoining buoys on the shores, dip your feet into the waters or splash and swim around in the enclosed sections. The day ends with a visit to '**Beras Basah Island**' – or Wet Rice Island – another pristine Langkawi beach with clear waters and far-reaching views of the sea where you can relax and soak up the sun and sea after a day spent trekking up to the Pregnant Maiden Lake and feeding the eagles.
